

Worried About Partial Discharge Right Now?

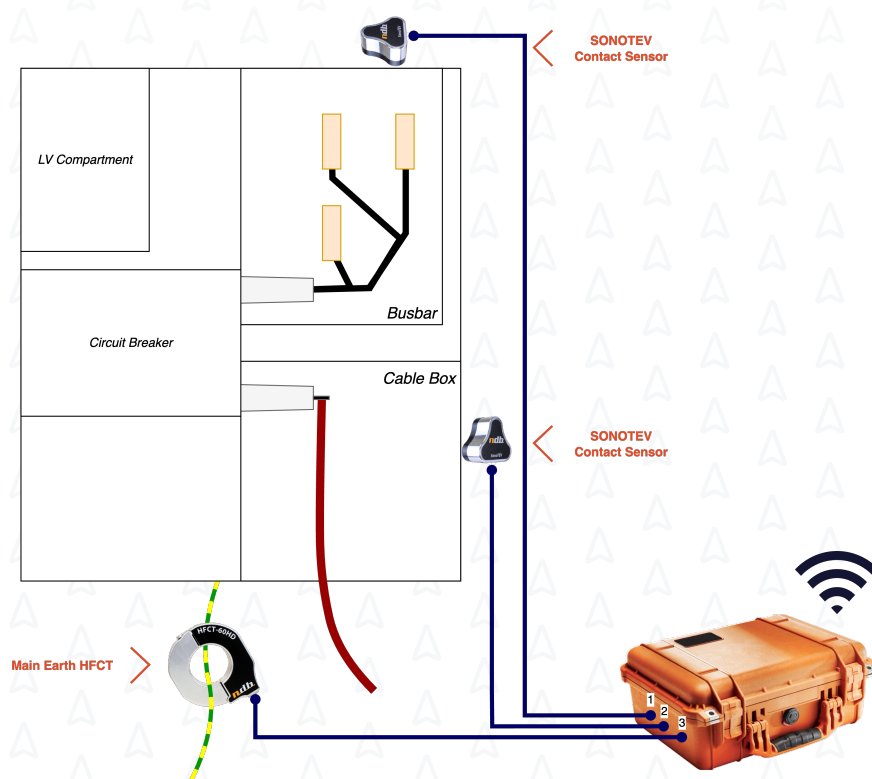

Peace of mind and due diligence with continuous monitoring

Spot check data is only as good as the moment it's taken

- Immediate 24/7 remote visibility
- Confirm PD suspicions with continuous monitoring over time
- Suitable for indoor & outdoor deployment
- Get automatically alerted soon as conditions deteriorate
- Connectivity via 4G or network connection
- Monitor potentially dangerous assets from a distance

Example installation

Expandable by daisy-chaining units together for full switchboard coverage.

Available for purchase or hire including PD expert analysis
